

NJ's "Do not call" law is just FINE as it is. We want to keep it that way! Please do NOT MESS with our state law that protects us from telemarketers. THEY do not pay our phone bills, pay for time lost listening to telemarketers when we who work at home-based jobs answer the phone to yet another inane chimney-sweeper ploy or suffer from feeling rude when "call waiting" comes in and we interrupt a call we're on (I seldom do this but it happens) only to be attacked by another bogus "police benevolent society" plea for money.

Period. Leave our law JUST AS IT IS, thank you!

Pam Hasegawa
